The certification is valid in accordance with the test report JZCF030803-PPE and when the product is manufactured in accordance with the tested sample.

According to Article 19 of the PPE Regulation, for category I PPE, the manufacturer is required to follow the internal control procedure set out in Annex IV to establish the technical documentation and to draw up the EU Declaration of Conformity to confirm that his product complies with the health and safety requirements of the Regulation.

After inspection of the technical documentation issued by the customer, and in his request, we express our opinion that the product meets the technical requirement of the following directives:

PPE Regulation (EU) 2016/425 Category I

The label of the CE Marking on the left side should be not less than 5mm height. CE Marking and EC Declaration of Conformity are duties for the manufacturer or its applicant who puts the product on the market. This one is responsible to start the CE marking and certification procedure as required by the legislation in force. Only for the products which are compulsorily included into specific Directives or Regulations will be necessary to appoint a Notified Body.
